

# We're not giving Corona a chance

## COVID-19 Prevention

---

**Regular cleaning and disinfection with certified product according to tested hygiene regulations**

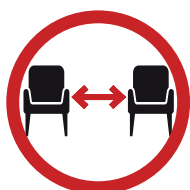

**Intensive hygiene measures when preparing and serving food**

**Regular intensive cleaning of tables and contact surfaces**

**The dishes are washed and dried at temperatures above 60 Celsius degrees**

**Enlarging the spaces between seats and tables to ensure a minimum distance**

**In all public areas dispensers with virus-suitable disinfectants are available**
